**Subject:** envir regs.

Good afternoon Kurt,

Rep. Rob Brooks asked me to reach out in regards to the environmental exemptions that are included in the Foxconn legislation. A number of business owners have reached out to us in regards to Foxconn's ability to streamline the DNR permitting process under this legislation. Is there any current exemptions that allow for other Wisconsin businesses to streamline the DNR permitting process, or is this purely a legislative change? Rob would like all businesses to benefit from streamlined permitting.

Thanks!
