Dear Gov. Walker,

I've sent you a lot of hateful emails since you've been in office, but I might have been wrong. I hope you have a plan for the Foxconn deal to trickle into lives of Wisconsinites, into Kenosha and the cities -- Milwaukee and Chicago. I hope this isn't into the pockets of republicans but for the people. We'll see what you do with this. If it all turns out to benefit Wisconsin, I'd actually be proud of you, coming from a democrat who hated your guts.

Thank you,

Lynn</MSG>
