Thanks for the email. The size of the reserves is not widely advertised. As you heard I had to ask the question. Most regents do not believe it when I say it, so I have to ask the question in a meeting and hope they are paying attention! I actually didn't know what the number was, just that it was \$1B the last time I asked. I had anticipated that it lost value since the last time I asked! To be fair, I should have asked in Friday's meeting, but did not get a chance...it may have made a difference, but I doubt it...

Not only did we get the full refund, we got a tuition freeze too...it only took a pandemic!

Take care,

MH

Michael,

I see the Regents changed the date on the refund to the 16th. Great!!

One thing that makes me more upset is to find out that nearly a billion dollar emergency fund exists. Wow...the University President and other Regents knew this and thought \$1200 was a good first offer for a refund??

Thanks again for pushing for the bigger refund.

Dear [REDACTED]

Thanks for your email! I'm sad and disappointed that we couldn't do the right thing. I really appreciate your taking the time to write. This isn't over yet. I will still try to make things right!

Stay tuned...I am disappointed to be part of an organization that is a pandemic profiteer!

Stay well and away from people!

Best,
Michael

Mr. Hsu,

Thank you for voicing your opinion on what the start date should have been for the students refund.

As a parent, I've tried to teach my [REDACTED] to speak up when they feel something is wrong or doesn't make sense to them. In this case I had to lead by example. I made calls to the University (Mannix Clark), got input from University Facebook pages, signed the "Fair Refund" petition and just listen to the entire Regent meeting on Youtube. I just felt that the University was stealing money from kids offering only \$1200. As I indicated to Mr. Clark, I didn't expect to get 100% of the money spent back but thought in our case \$2000 to \$2600 would have been understandable.

Anyway, just wanted to say thanks.
