

Standouts/Highlights: (Interactions, activities, successes, or highlights that come to mind upon reflecting on the shift). Having the people from the community and out of state stop by and say thank you to the team for opening the streets and for the work that is being done.

Frustrations/Challenges: (Things that happened on shift that frustrated the team, were challenging in a negative way, or got in the way of the team performing to the best of its ability).

The team was met with the intersection of 39th and Chicago having another garden placed to block off one side of the intersection along with a chairs and other items being placed back out. The intersection of 38th & Columbus being semi-blocked off with a homeless encampment and barriers being moved in that intersection.

Adjustments Needed: (Looking ahead, what improvements or changes should be considered to improve the coordination and efficiency of the team, Outreach Worker performance, or overall outreach quality)?

Having the city Public Works come out and repaint the lines to divide the street

Other: (Add other notes as needed).
